

Features

- Specially designed for LPS, HPS and ACP power supplies
- Gold plated Schuko and IEC connector allows optimal “Star-quad” connection from LEVEL-3
- Low noise & low impedance “Star-quad” wiring from LEVEL-3
- Reinforced shielding with Lapp Servo cable
- More cable type, length and Schuko/IEC connectors available

Applications (powering of)

- Audio components: streamer, DAC, phono, headphone amplifier, PC USB & LAN card
- IT equipment: mini-PC (Raspberry), router, switch, access point, NAS, NUC
- Test and measurement systems

LEVEL-1 Cable, available length: 1.5m; cross-section: 3x0.75mm²

MC1-075-1.50

LEVEL-2 Cable, available length: 0.75m-1.5m

MC2-250-L.LL
